

# Work Safety Culture

## **VIRTUAL** Mini Workshop

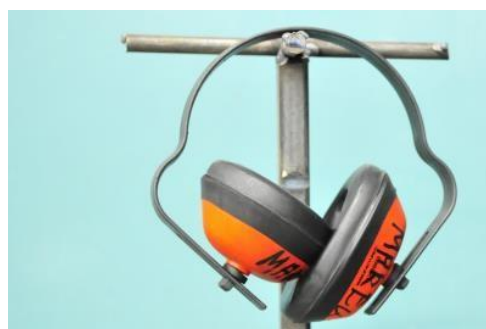

28.04.

### World Day for Safety and Health at Work

Developing your workplace safety culture requires determination, clear goals and continuous work. Above all, it requires leadership. In an excellent safety culture people develop and improve safety together, proactively. Our Dare to Care concept is designed to help you build this attitude. We invite you to join an insightful discussion with our guest speakers on World HSE Day.

#### Program

- Overview of safety trends
- Introduction and framework of safety culture development (knowledge sharing)
- Dare to Care safety concept
- Examples of the core tools
